

## How to Use Study Boost

1. Set up an account
2. Create a batch of things to be studied, like vocabulary words

General Batch Information	
1. machen	<input type="checkbox"/> <input checked="" type="checkbox"/>
2. spielen	<input type="checkbox"/> <input checked="" type="checkbox"/>
3. Briefmarken sammeln	<input type="checkbox"/> <input checked="" type="checkbox"/>
4. Freunde besuchen	<input type="checkbox"/> <input checked="" type="checkbox"/>
5. Fernsehen schauen	<input type="checkbox"/> <input checked="" type="checkbox"/>
6. Musik hören	<input type="checkbox"/> <input checked="" type="checkbox"/>
7. zeichnen	<input type="checkbox"/> <input checked="" type="checkbox"/>
8. basteln	<input type="checkbox"/> <input checked="" type="checkbox"/>

3. Have students set up their own account. They can search for your batches. The questions will be texted to them and they text in the response. One question at a time is texted to you.
4. I tell my students to search for kayerizzuto. All the batches that I have created will appear. They can choose which ones to add to their account. They can then practice and study the list.
